Subject: IEEE TIM 2025 Outstanding Reviewer Recognition

Dear Sergey M. Kobtsev,

Congratulations! On behalf of myself, the editorial board of the *IEEE Transactions on Instrumentation and Measurement (TIM)*, and the Instrumentation and Measurement Society (IMS) Publications Committee, I would like to express my most sincere appreciation and gratitude for the invaluable, meticulous, objective, professional, and timely manner in which you have performed your review tasks in 2025, by selecting you as a 2025 IEEE TIM Outstanding Reviewer.

Reviewers are the gatekeepers of both the *timeliness* of the review process and the *quality* of papers published in TIM. Given the enormous daily demands from your limited available time, we truly understand this professional sacrifice and recognize your valuable contributions to TIM's increasing quality and improved timeliness.

The Associate Editors and I look forward to continuing collaborating with you and receiving more of your timely, objective, and professional reviews. We wish you a successful and prosperous 2026.

If you wish for an electronic copy of this letter to be sent to your supervisor/director, please email [admin@ieee-ims.org](mailto:admin@ieee-ims.org) with his/her name, title and e-mail address.

Sincerely,

Roberto Ferrero

Editor-in-Chief, IEEE TIM
